

# TAG WORLD EXCHANGE

---

**Innovative Cryptocurrency Crowd-lending  
Platform which Offers Liquidity and  
Transparency for Investors and Funded  
Companies**

# INTRODUCTION

---

- TWEX was born from the frustration of private equity investments and all the pitfalls.
- The Tag World Exchange or TWEX, is a worldwide platform that is non-inflationary and based on real-world economies. Specifically, TWEX is a crowd-lending platform that creates liquidity and transparency for investors and funded companies alike.

# TWEX PLATFORM

---

- What is Tag World Exchange platform?
  - TWEX is a **crowd lending** platform allowing investors to invest funds in new companies using Smart Contracts.
- Why use our platform?
  - We at TWEX enable you to trade your investments at a time of your choosing and need.
  - We enable to create liquidity in an illiquid market! We offer to our investors the possibility to individually trade their investments, strip them and trade them.
  - The idea is for them to be able to sell one part of their investments while keeping the others in case they are in dire needs of funds.
  - We even help them to determine the value of the specific contract for Capital repayment or contract for profit participation

# PLATFORM CHARACTERISTICS

---

- Total TWEX Tokens + TPS: 500 million
- Price per token: 0.40 €
- Accepted FIAT Currencies: USD, EUR, NZD, etc.
- Accepted Crypto-Currencies: BTC, ETH, etc.

# TWEX TOKENS

---

- TWEX exchange uses crypto currency namely in the form of TWEX Tokens.
- TWEX tokens are non-inflationary as there will be no issuance ever.
- TWEX Tokens are based on worldwide economies, not limited to one country, and our value is based on companies listed with us and their undermined business located the world over.

# TWEX TOKENIZED PREFERRED SHARES

- Preference Shares issued by TWEX are registered on the Blockchain, holding no equity rights or voting rights. But hold profit participation rights.
- Similar to usual Preferred Shares, TWEX TPS holders too are entitled to receive their claims prior to the equity shareholders of the organisation during the winding up of the company.
- They act as a proof of membership of their holders in the TWEX Ecosystem and entitle them to benefit from the profit generated by the payment of all Funded Companies.
- Each TWEX holder can obtain total access to TWEX's signals, services, information, and analytical products.

# OFFERINGS

---

The TWEX platform offers a variety of possibilities such as

- Liquid Investments.
- A portion of the created value.
- Transparency Trading.
- Decentralized and Sophisticated Wallet.
- Diversified and World Wide Portfolio.
- An Informational Environment.

## BENEFITS

---

Each TWEX Token is delivered with one TWEX TPS bearing rights to 30 % of all profits generated by the Exchange and 1 % of total sales of all companies listed and benefitting from this funding. Buyers are also remitted ownership on a pro-rated basis to various Smart Contracts for Capital Repayments (SCC) and Profit Participation (SCP) issued by all companies listed on the Exchange and benefitting from this funding. The smart contracts are the proof of their holders' role as lender to the issuer of the contracts and to their inherent rights to payback of capital and profit following specifics of each smart contract issuer. The TWEX tokens are the proof of their holders' membership in the TWEX ecosystem. The TWEX TPS – Tokenised Preferred Shares provide their holders a right to receive  $1/50000000$  per TWEX token held, of all amounts paid by companies that received the initial funding raised for their projects. Each of these companies is obligated to pay to TWEX Ltd 1.5 % of their gross sales. 1 % of said gross sales will be deposited in escrow account and distributed accordingly.

# TWEX HARDWARE WALLET (TWAL)

---

- TWEX also makes use of TWEX Wallet or TWAL.
- The **TWAL** is a device the size of a credit card that will enable the user to scan their thumbprint and use facial recognition as a means of ID verification.
- This acts as preventative measure against identity theft.
